## ST. VINCENT PALLOTTI COLLEGE, RAIPUR

2.2.1 The institution assesses the learning levels of the students and organizes special programmes for advanced learners and slow learners.

## **Activities conducted for Advanced and slow learners**

## **Advanced Learners**

Advanced Learners are students whose academic performance is at a higher level when compared to other students of same age group. Advanced learners are identified on the basis of performances in their previous examinations, observations and interaction during teaching learning process.

## **Slow Learners**

Slow learners are students who are unable to keep pace with the classroom teaching and they perform academically at a lower level as compared to other students of same age group. Slow learners are identified on the basis of their performances in previous examinations, personal counselling and interaction during teaching learning process.
