REPORT

Educational Technology and Management

Workshop on

TECHNOLOGY INTEGRATION IN INSTRUCTIONAL PRACTICES

Introduction

Technology provides instant accessibility to information, which is why its presence in the classroom is so vital. Smart phones, computers, and tablets are already an omnipresent element of everyday life for students and teachers alike. It's only natural that the use of technological devices in the classroom are explored to create meaningful learning experiences for students of all ages. Utilizing technology and implementing tech into lesson plans can ensure a more interactive class experience. Technology can reshape the future of education in big ways, forming new bonds between students and teachers, and with students and the entire learning experience. Indulge the students into a healthy thought process and help them understand things from a different perspective. The education research scholars are coming up with new techniques to impart knowledge every day. The introduction of applications in the education sector has led to the introduction of new learning methods. There are fun games available on mobile applications that indulge the students into a healthy thought process and help them understand things from a different perspective. The education research scholars are coming up with new techniques to impart knowledge every day.

We the students of Educational Technology & Management hosted a workshop of 3 days on TECHNOLOGY INTEGRATION IN INSTRUCTIONAL PRACTICES i.e., from 10th August 2021 to 12th August 2021 under the guidance of Dr. Shraddha Verma Ma'am to learn how to deal with different educational technology applications.

This teacher trainee focused workshop discussed ways to connect with students, share resources, and enrich a course with Educational Apps. We discussed the apps available for mobile devices and how to use them on the go. This workshop introduced teacher trainees to the many uses of Educational Apps for teaching and learning. With its uniquely personal, experiential style of learning, this Workshop helped B.Ed. students for internship.

Objectives:

- To help teacher trainees in the
- To make teaching and learning
- To create fun in the

- Extend students' learning beyond the walls of the classroom.
- Prepare students to be safe, responsible and innovative digital citizens.
- Enable students to take responsibility for their own learning.
- Provide students with the tools to be successful in their future endeavors in higher education and/or
- Provide equal access to technology and tools to all students in order to provide equal opportunities for all students.
- Engage students in real-world problems by collaborating with others in the classroom and across the world.

Flow of Workshop:

Day 1 – AR Loopa & Unite AR Host - Ms. Tripti Datta

The session was started with the valuable words by our Respected Principal Dr. Kuldeep Dubey Sir followed by Vice Principal Dr. G. Padma Gouri Ma'am's encouraging words. The session carried further with the demonstration of app AR loopa by Mr. Praful Tirkey and Ms. Afsa Tarannum

AR Loopa - With AR, classroom education can be extraordinary and more interactive, as AR can enable teachers to show virtual examples of concepts and add gaming elements to provide textbook material support. This will enable students to learn faster and memorize information. Ms. Swarna Lal explained the Unite AR app.

Unite AR - Traditional teaching methods don't fit with online classes. The students may not follow the complex concepts if it is something they cannot relate or experience, AR enabled learning resolves this by connecting the student with the subject. At the end our HOD Mrs. Gayatri Iyengar Ma'am expressed her appreciative views on this workshop.

Vote of Thanks - Ms. Balraj Kaur Bhamra

No. of Participants – 72

Day 2 – Kahoot & InShot

Host - Ms. Usha Kiran Lakra

The Day was started by a motivational speech by our respected Principal Dr. Kuldeep Dubey Sir. Proceeding with the workshop Ms. Usha Kiran Lakra invited the application's presenters.

Kahoot app- Explained by Ms. Tripti Datta

Kahoot - It's a fun and effective way to measure which concepts your students understand fully. Teachers can create multiple choice games related to class content that students can play as a class by entering the game code on their app or device. Kahoot offers a multitude of other forms of games related to class content that can make learning fun.

Inshot app - Explained by Ms. Afsa Tarannum

InShot - InShot is a good learning tool, since it eases the process of creation and makes sharing what students create fairly simple. It's also tuned specifically to social media-friendly content, so

it'll connect with young people. At the end of the second day of the Workshop, Mrs. Gayatri Iyengar, our Head of the Department expressed her views and thoughts about our second day workshop. After giving her valuable comments, she had given advice to give feedback among students, which was given by the following two students: Ms. Sonali Ekka & Ms. Simi Sheetal Ekka.

Vote of Thanks - Sr. Anima Kullu No. of Participants – 73
Day 3 – Edpuzzle & Teachmint Host - Ms. Sonali Ekka

Early in the session, Respected Principal Dr. Kuldeep Dubey Sir enriched us with his kind words. Vice Principal Dr. G. Padma Gouri Ma'am also enlightened us with her vitalizing words. The session was followed by the explanation of app Edpuzzle by Ms. Tripti Datta

Edpuzzle – For teachers, Edpuzzle is a great way to break down an informative video and make sure students understand the main points. Being able to add comments will help with clarity and asking students questions along the way will make sure they understand the material. After that, Teachmint app was demonstrated by Ms. Nisha Goswami

Teachmint - Teachmint is an all-in-one education technology platform created specifically for the teachers of the digital age. Combining live classes, student engagement tools as well as various other classroom facilitating features, the platform focuses on creating a deeply immersive online experience. Ms. Heena Banjare and Ms. Shalu Verma of B.Ed 2nd sem shared their thoughts and appreciated this initiative. The session was concluded by gratifying words of our Respected faculties Mrs. Yashaswee Lonkar Ma'am and Mrs. Ramola DanMa'am.

Vote of Thanks - Ms. Deepa Bhagat

No. of Participants – 64

Feedback forms were sent at the end of each session to collect information and reaction of participants which was used as a basis for improvement.

Assignments were also given on each day to provide a practice exposure and knowledge enhancement of the apps. The students who attempted the assignments received automated appreciation certificates at real time.

Technical team: Our technical team was the backbone of our program. They had generated the link, created a format of assignment as well as the feedback form and also provided the Automated certificate.

Link Generation - Khemin Verma

Screenshots - Venika Lakra, Asha Tirkey & Neeti Toppo

Feedback form & Certificate - Neha Shalina Minj, Mohit Kumar Kujur, Rakhi Pratibha Lakra

Report - Ankita Lakra, Simi Sheetal Ekka, Rini Ranjana Toppo

Learning Outcomes:

- Teacher trainees implemented technology-infused strategic plans.

- Teacher trainees learnt a variety of educational apps for use in a technology-rich learning environment.
- It promoted best practices in teaching, learning and assessment.
- It built confidence in teacher trainees for effective teaching experience. Building lesson plans using differentiated instruction and technology.

Conclusion:

The three day workshop came to an end. Every teacher trainee would ensure that the bonds that were created during these three days would be kept intact and will strengthen every opportunity. Words cannot bring to fore the new experience that each of us had at all instances throughout the workshop. Finally, a word of appreciation to all teacher trainees and to all faculties, who all came together and made this workshop successful.

Photography Activity - Magic of Black And White

International Photography Day

Date-19/08/2021

Virus maybe striking hard to keep the mankind within the walls but the aesthetic mind cannot be limited and bounded by any force. As the universe moves and nature blooms at its own, students of education department of Pallotti College moves with glee to capture few moments and beauty of nature to participate in the photography activity organized by Department of Education on International Photography Day i.e. on 19/08/2021. Excellent scenes were captured, excellent artistic vision were displayed through every snap they clicked. More than 95% of the students took part in this event. Since it is pandemic situation, students are at their home cities, photos from different parts of the country has been captured and displayed. Selection was really a challenge for the teachers.

Best 8 from semester-I and semester- II separately were awarded. Appreciation certificates were given to all.

2021-22

Name of Activity: "HUB: Connecting People"- An Ice-breaking Event

Organized on: 18/09/2021

Organized by: Department of Computer Science

Venue: AV Room

Students involved: BCA

Icebreaker is an event or activity that is used to introduce people to each other so that they feel more comfortable together.

Department of Computer Science had organized an icebreaking session for BCA 1st year and 2nd year students with the aim to make them comfortable and to have interaction amongst the seniors and juniors. The name of this event was 'Hub: Connecting People'. Such events help us to interact with each other so we can build a strong connection and it also helps to understand the newcomers. BCA 3rd year students took the initiative to organise the event which was successfully implemented and executed, and it helped the final year students to develop managerial skills.

The event started with the self introduction by BCA 3rd year students followed by 2nd year and 1st year. After the introduction there was singing, dancing and standup comedy done by final year students. And in between the most fun part were the 2 games, which were 'Dumsharas' and 'Saree dress up'. The enthusiasm of the students provoked the faculties to participate in each and every activity. At the end, HOD - Mrs. Pooja Rathi welcomed the students and briefed them about the college, Computer department and about the course they have opted. Faculties Mrs. Abhilasha Khare, Mr. Manoj Singh, Mrs. Shikha Agrawal, Ms. Rupali Sharma and Ms. Deepa Goldar worked hard to make the event successful.

"Technical Antakshari"

The Department of Computer Science organized an event named "Technical Antakshari". The purpose of organizing such an event was to have an informal interaction with new students of BCA and PGDCA and to make them feel comfortable with the teachers as well as senior students.

The event was started with introductory message by HOD, Mrs. Pooja Rathi. In this event the students of BCA and PGDCA were participated. The names of the teams participated are Toofani, Ziddi, Vijeta and Singham.

As the name implies, 'Antakshari' is a game involving songs with little bit tricky to identify the song. We added a little twist in the game by using some technical words, emojis, dhun and posters.

Faculty incharges of the event was Mr. Manoj Kumar Singh and Ms. Deepa Goldar. The game was organized in 4 rounds and each team has provided 2 chances to play. Students got really excited by hearing the name of the game. The students participated with full enthusiasm and were very active throughout the game.

The event was ended by the announcement of the winners by judge, Mrs. Pooja Rathi, HOD Computer Science. Students of team Toofani were the winners.

2021-22

Name of Activity: "Techno Update 1"
Organized on: 30/09/2021
Organized by: Department of Computer Science
Venue: AVA Room
Students involved: BCA & PGDCA

We live in 21st century where everything is dependent on technology. Our everyday life runs on use of technology. It has gifted us with various innovations Also, it implies the modern practical knowledge that we require to do things in an effective and efficient manner. Moreover, technological advancements have made life easier and convenient.

And to aware us about Science and Technology the Department of Computer Science organized an activity named "Techno Update". The Field Computer Science itself is a boon to us which has acknowledged us with innovations and has benefited us to an unimaginable extent.

This event gave our students an opportunity for sharing and introducing the Upcoming Technologies and also providing them a platform for enhancing their Public Speaking and an overall Self-Development of our students.

Students were asked to choose a topic of their choice and were asked to prepare for the same. Names of students along with their respective chosen topics are given below:

1. Priya Sonwani (BCA-I) - Array of Things (AOT) technology
2. Dushyant Sahu (BCA-II) - Quantum Computing
3. Himanshu Toppo (BCA-II) - Prosthesis Technology
4. Sana Praveen (BCA-II) - Data Warehousing
5. Sakshi Pandey (BCA-III) - Argumentation
6. Rashim Ekka (BCA-III) - iCloud
7. Nitin Ku. Dhoke (PGDCA-I) - Hi-Tech Electric Car
8. Aarti Yadav (PGDCA-I) - Iron Man Jet Suit

Mrs. Abhilasha Khare, and Mrs. Shikha Agrawal worked hard for the successful completion of this event.

Each student spoke individually on the topic and shared very informative and sensible facts about the updating technology on their respective topics. The activity was overall an insightful and perspicacious event which turned out to be very educational and helpful.

Session: 2021-22

"Techno Update – II"

A computer is a great invention of the modern technology. Modern computers are very different from early computers. They can do billions of calculations per second. Computers are used in almost all fields. Computer technology is very volatile in nature and it is getting updated very quickly so it's really necessary to update ourselves as well. So initiative took by the Department of Computer Science and organized an event on 09/10/2021 named 'Techno Update-II' where students could able to share their knowledge about new technologies. The aim of this activity was to develop relationship with current technologies.

Students were instructed to select the topic of their own choice. Topics and name of the students are listed below:-

1. Sharansha Bagh – Artificial Intelligence
2. Udhani Parth Dilipbhai – Drone Technology
3. Rohan Sayam – Human Augmentation
4. Sagar Mishra – Self Driving Vehicle

Faculty incharges of the event was Mr. Manoj Kumar Singh and Ms. Deepa Goldar. This event gave our students an opportunity for sharing and introducing the upcoming technologies and also providing them a platform for enhancing their Public Speaking and an overall Self-Development.

Students were advised to use PPT for their presentation. Each student provided 15 minutes for presentation. Students explained very well and shared very informative & sensible facts about the new technology on their respective topics. The doubts were cleared by the respective speakers during their presentation. The activity was overall a perceptive event which turned out to be very educational and helpful.

Group Discussion- Report

Report On Group Discussion

"Group" is a collection of individuals who have regular contact and frequent interaction and who work together to achieve a common set of goals. "Discussion" is the process whereby two or more people exchange information or ideas in a face-to-face situation to achieve a goal. The goal, or end product, maybe increased knowledge, agreement leading to action, disagreement leading to competition or resolution or perhaps only a clearing of the air or a continuation of the status quo.

"Group Discussion", popularly labeled as GD, is a popular methodology used by many organizations (company, institute, business school, etc.). GDs form an important part of the short-listing process for recruitment or admission in a company or institution.

A "Group Discussion" was organized by Management Department for its students on 13/11/2021 in AVA room at 10:30 am. Topic given for the discussion was:

"Advertisements are beneficial or not"

Students participated actively in the discussion giving their views & opinions about the topic. The conclusion of GD was- Advertising is inevitable & the advertising field is changing for good. Many advertisers are doing well to society to get exposure for their brands & people have become more aware of false promises but the main problem with the advertising is growing consumerism, this must be avoided & we should work towards eco friendly life style.

Winners of the activity were:

Zeenat Fatima (B.B.A V)- 1st Position

Ayush Mishra (B.B.A I)- 2nd Position

PPT Presentation Competition Report

**St. Vincent Pallotti College, Raipur
Department of Computer Science
2021-22**

Name of Activity: "PPT Presentation Competition"
Organized on: 20/11/2021
Venue: AVA Room
Students involved: BCA & PGDCA

The Department of Computer Science organized an event named "**PPT Presentation Competition**". The basic purpose of organizing this competition is to inculcate and boost corporate communication, develop public speaking, encourage self-learning amongst the students. Developing presentation skills in the classroom is important for improving communication and creating positive learning experiences. This activity is helpful to gain real-world skills such as the ability to present accomplishments and skills during a job interview. It also develops self-confidence in students and helps to remove stage fear. The motive of this competition was to enhance the technical minds, thinking skills, creativity skills, and skills of presenting the topic.

The students beautifully presented the topic using PowerPoint Presentation. A total of 9 students from all the classes participated in the competition. Every presenter student was able to set an example to other students and will act as inspiration in future events. The time duration allotted to each presenter was 5 minutes with a minimum of 6 slides and a maximum of 10. Students worked very hard.

The Judge of the event was Mrs. Abhilasha Khare and Mr. Manoj Singh. The winners of the event were:

Winners: 1st – Rebecca Raechel Anil (BCA-III)
Parth Udhani (BCA-I)
2nd – Aarti Yadav (PGDCA-I)
3rd – Khushboo Panjwani (BCA-I)

All 4 winners were awarded certificates.

The program ended up with the motivational message by HOD, Mrs. Pooja Rathi. Altogether the program was a huge success with the help and guidance of Mrs. Abhilasha Khare, Mr. Manoj Singh, and Mrs. Shikha Agrawal and complete coordination of the students.

“Quiz Competition”

It is saying that a healthy competition is always good for students. It helps students to develop their creativity and their skill sets. It also boosts their self-esteem, motivates them to become better and makes them mentally strong.

The Department of Computer Science organized an event named 'Quiz Competition'. The objective of conducting 'Quiz Competition' is to encourage students to develop competitive environment among students beyond the syllabus knowledge. Quiz competitions enables students to think out of the box. It promotes a healthy debate amongst participants in order to learn from each other.

In this event the students of BCA and PGDCA were participated as Team BCA-I, BCA-II, BCA-III and PGDCA.

As the name implies, 'Quiz Competition' is an event involving questions related to computer and general logic ability. We added a little twist in the event in which students have to identify the morphed images of famous personalities and places.

Faculty in-charges of the event were Mr. Manoj Kumar Singh and Ms. Rupali Sharma. The event was organized in 4 rounds and each team has provided 2 chances to play. The students participated with full enthusiasm and were very active throughout the competition.

The event was ended by the announcement of the winners by judge, Mrs. Pooja Rathi, HOD Computer Science. Certificates were distributed to the winning team members.

Winners: Team BCA-I (Priya Sonwani, Rishika Tiwari, Rajeev Tiwari, Avij Ekka and Piyush Soni)

Scamper- Report

St. Vincent Pallotti College

Department of Management

Departmental Activity: SCAMPER

Date: 27.11.2021

Report on SCAMPER:

The SCAMPER method helps students to generate ideas for new products and services by encouraging them to ask seven different types of questions, which will help them to understand how they can innovate and improve existing products, services, problems and ideas. Students will learn how to use the method. SCAMPER is surprisingly easy to start using and very efficient in innovation and ideations sessions.

SCAMPER

SCAMPER refers to a series of thought sparkers or provocations which help you to innovate on an existing product, service or situation by looking through different lenses. There are seven provocation lenses in the SCAMPER method:

- Substitute
- Combine
- Adapt
- Modify (Also Magnify and Minify)
- Put to another use
- Eliminate
- Rearrange

An activity "SCAMPER" was organized by Management Department for its students on 27/11/2021 in BBA I class room at 11:00 am.

First an existing product or service was given to students. Then students were asked to apply the seven elements to the existing product. They applied the 7 elements to values, benefits, services, touch points, product attributes, pricing, markets and essentially any other related aspect relevance to ideation needs.

At the end students came up with viable solutions for the existing product. Some of them created a new product, or developed the existing one.

Winners of the activity were:

Vibhati & Group (BBA I) First Position

Ankit & Group (BBA V) Second Position

'Rags To Riches'- Company Law Case Study Activity Report

St.Vincent Pallotti College

Department of Commerce

2021-22

Report-**"Rags To Riches-Case Study of Companies"**

Company Law case study activity is conducted by Department of Commerce for B.Com 2nd year students on 29 November 2021 named as "Rags To Riches". Case study helps in bringing the understanding of a complex issue or object and provide an in-depth investigation of one particular individual, group, time-period or event. Case studies, though factual, are people-focused and less formal, making them more interesting for people to read. Based on real benefits, it can create immediate credibility among the listeners. It provides a means for highlighting and extracting practical principles and methods for shaping and accelerating progress in solving wicked real world problems.

Improving Communication skills and inculcating the ideas for business startups among students is very important in current scenario. This activity "Rags To Riches" is definitely helpful to gain real world experience with case study by utilization of resources at optimum level. **Rags to riches** refers to any situation in which a person rises from poverty to wealth, and in some cases from absolute obscurity to heights of fame, fortune and celebrity. Students of B.Com 2nd year participated in this classroom activity actively and explained case studies of various companies using various methods. Total of 8 teams participated in the activity. Students gave study of various companies efficiently and presented very well.

Participants of the "Rags To Riches" are:

Sandeep Singh and Jagmeet Singh – "Mahindra and Mahindra Group"

Suhani and Alankrita – " Apple Co."

Shailendra Sahu And Naman Salonki _ " Cashify"

Saima Ganj – " Maruti Suzuki Ltd."

Jamila Bano – " Amazon "

Inter-disciplinary activity
Technical Carnival By Tech-Savvy Students"

"It's not that we use technology, we live technology "

We live in 21st century where everything is dependent on technology. Our everyday life runs on use of technology. It has gifted us with various innovations. Also, it implies the modern practical knowledge that we require to do things in an effective and efficient manner. Moreover, technological advancements have made life easier and convenient.

And to aware us about Science and Technology the Department of Computer Science had organized an activity **"Technical Carnival By Tech-Savvy Students"** on 30/11/2021, where all the students of various departments participated and shown their talent with their innovative ideas. The Field Computer Science itself is a boon to us which has acknowledged us with innovations and has benefited us to an unimaginable extent.

It is a Technology-Expo where students have displayed various innovative science and technology projects developed by their own. Everyone visited the innovative models and appreciated the students for their efforts and innovative ideas.

This Workshop was inaugurated by the Director of the college Rev.Fr.Shanti Prakash Panna. He was accompanied by the Principal Dr. Kuldeep Dubey and Vice Principal Dr. G. Padma Gouri. H.O.D's of various departments with their teachers were present. The workshop was open for all the students.

Different models from various departments like, Amplifier: Speaker, Li-Fi technology, Face recognition attendance system, Tesla technology, Electromagnetic Induction and many more were presented. Students of all the departments visited the innovative ideas.

The Judges of the event were Dr. G.Padma Gouri and Dr. Shraddha Verma. The winners of the event were:-

- 1st Winners- Aarti Yadav and Nitin Dhoke (PGDCA) – Amplifier
Ayesha Khan, Anagha Nand Kumar and Nikita Dewangan (-PGDCA) - Li-Fi
- 2nd Winners- Nikhil Minj, Hemant Verma, Satyendra Patle and Rashim Ekka (BCA-III) Tesla Coil
Sanjana Awadhya, Saransha Shannon (PGDCA) - Arduino Line Follower Car
Khushboo Panjwani and Priya Sonwani (BCA-I) Facial Recognition
- 3rd Winners- Sagar Mishra (BCA-I) Water Fall
Aiman and Anushka (BBA-III) Stock Market
Tanya Nainani, Satendra Xess and Deepanshu Kumbhar (BCOM-I)- Artificial Kidney

First, second and third position winners have been facilitated with mementos and certificates. Also, certificates were distributed to all the Participants.

H.O.D. of Computer Science Mrs. Pooja Rathi along with her team members worked hard for the successful completion of this event.

Nick Of Time- Report

St. Vincent Pallotti College

Department of Commerce

Report

2021 – 2022

4th December, 2021

“Nick of Time”

“Obstacles don’t have to stop you. If you run into a wall, don’t turn around and give up. Figure out how to climb it, go through it or work around it.” The department of commerce has organized the departmental activities named “Nick of Time”. In every task the students who have participated in activity had to finish it in ‘a minute’. All the students of B.Com – I, II and III participated in the Learn with Fun Activity, called “Nick Of Time” on 04 – 12 – 2021 at 11:00 AM in the Seminar Hall. It’s a game by which students are tested in utilizing their physical activeness, aptitude, timing, sharpness and accuracy filled with more fun and enthusiasm. Students are largely participated and gained by the very aim of inculcating the habit of right decision at the right time.

Activities name and type are as follows :

1. ‘Sentences making with single word’: Students have to make as many sentences with one single word given to them in a time bound of one minute.
2. ‘Leg Balloon burst’: The participants tied a single balloon on their one leg and was given a task to bust the other participle’s balloon by maintaining the decorum of towards other participants.
3. ‘Paper crafting’: The paper crafting game was designed for the student to test their art and crafting ability, they have given task of making any types of craft with the help of newspaper in a minute.

The response of the students was overwhelming. Under the guidance of Mr. Vaibhav shrivastava, the Head of the Department and team had executed the program and conducted the event successfully. All the other staff members were also present at the occasion. The activity ended with the distribution of certificate’s and medals.

2021-22

Name of Activity: "ONE-MINUTE GAMES"

Organized on: 01/10/2021

Organized by: Department of Computer Science

Venue: Seminar Hall

Students involved: BCA & PGDCA

A fun filled activity of ONE-MINUTE GAMES was conducted by the department of Computer science, on 1st of October 2021. It was a relishing activity with students bursting with energies along with all the boost from teachers. The purpose of this activity was to make the students comfortably adjusted and to have interaction amongst the seniors and juniors. Such events help us to interact with each other so we can build a productive connection. It also helps to reassure the newcomers.

The teachers took the initiative to organize the event, which was been successfully implemented and executed. Expectedly, the students participated filled with enthusiasm and zest. They were dynamic and vigorous throughout the activity. All the students of PGDCA, BCA-I, BCA-II and BCA-III by means of picking up the chits, were divided into four teams: Team A, B, C and D.

The series of activities started with the Ball Passing, preceding Burst and Protect, One Minute Brain Test and Musical Chair. The end of this series of games pronounced the highest scoring Team C the winner. These activities promoted the team spirit among the students. They enjoyed the activity and had lots of fun.

At the end, Mrs. Shikha Agrawal and Ms. Rupali Sharma congratulated the students, and appreciated the sport showcased by all the indulged teams had applied themselves to make this event an achieving success for all.

Session: 2021-22

Name of Activity: World Computer Literacy Day

Organized on: 02/12/2021

Organized by: Department of Computer Science

Mode: Public-Speaking

Students involved: All students of BCA-I & PGDCA

World Computer Literacy Day is observed on **2nd December** every year all over the world. The day is celebrated as the world computer literacy day to create awareness and drive digital literacy in underserved communities worldwide. Department of Computer Science has celebrated this day by engaging students of BCA-I and PGDCA. 4 Groups of 5 students each from the mentioned classes were formed namely Team PARAM, Team INTERPRETER, Team TECHNOLOGY, and Team THE A TEAM. These teams had visited different classes and departments of the college and shared technical facts and knowledge with them. This sharing of information included 5 sections of computer literacy in which each team member has explained one section and shared at least 5 points of the respective section. The sections were:

1. Importance of Computer Literacy in new Normal.
2. 5 Fun Facts about Computer World
3. 5 Frequently used Shortcut keys
4. 5 Full Forms of Extensions (eg: PDF, JPEG etc)
5. 5 Computer Security Tips.

This event has helped in building inter-personal skills in the host students and in boosting their confidence and public-speaking skills. It was also useful in promoting the technological skills of the audience students and non-technical staff of the college.

DEPARTMENT OF MANAGEMENT
DEPARTMENTAL ACTIVITY-"BizMAP"
REPORT
2021-22**

To bring the difference in learning and making it more interesting, Department of Management continued with team-building games for BBA students. Around 75 students participated in the activity "BizMAP" on 04/12/2021. Innovative management simulation games are excellent teaching resources for BBA classrooms and any program that includes business subjects. The interest and retention levels are highest when students can visualize what they've been taught.

The activity aimed to generate ideas and encourage students. Groups consisting of 10 participants each were formed. Participants were supposed to design complete business strategy for an imaginary product which can have a practical implementation in real life. The competition was unique in the sense that it gave a platform to students to showcase their abilities in a very creative and innovative way.

Winners of the Activity were:

Ist Position- Karanveer Singh & Group who developed the concept of "NG360- A Next Gen Mobile Phone".

II Position- Swati Ghritlahere & Group who made an innovative "VAYU- Air Purifier".

All the students took an active participation in the activity and learned to imply the theory knowledge of their classroom teaching in practical way. The Teacher In charge of the activity was Ms. Aanchal Mishra.

Debate Competition- Report

St. Vincent Pallotti College, Raipur

Department of Commerce

2021 – 2022

Report – “DEBATE COMPETITION”

22nd January 2022

“It is better to debate a question without setting it than to settle a question without debating it” – Joseph Joubert.

Debate is one of the academic activities that gives students creative room to express what they feel. Debate competition for students is very influential as it helps them to boost their confidence, removes fear of public speaking, develop critical thinking. The length and breadth of knowledge that they gain through this is simply unparallel.

The in house Debate competition was held on 22 January 2022 from 12:00 PM. The topic of debate was “Privatization in India” .The event was held through zoom platform online. The Head of Commerce department, Mr. Vaibhav Shrivastava welcomed the participants and conveyed his best wishes for the competition.

There were 32 participants across all the three years of B.Com who actively participated and gave their opinions on the benefits and shortcomings of ‘Privatization in India’. The teams made great effort on highlighting the pros and cons of the privatization viz., a) Quality and productivity of maintenance in the public sector undertakings. b) The disadvantages in the way of high user charges, non accountability due to private participants. c) Enhanced welfare opportunities for the public in general to greater extent.

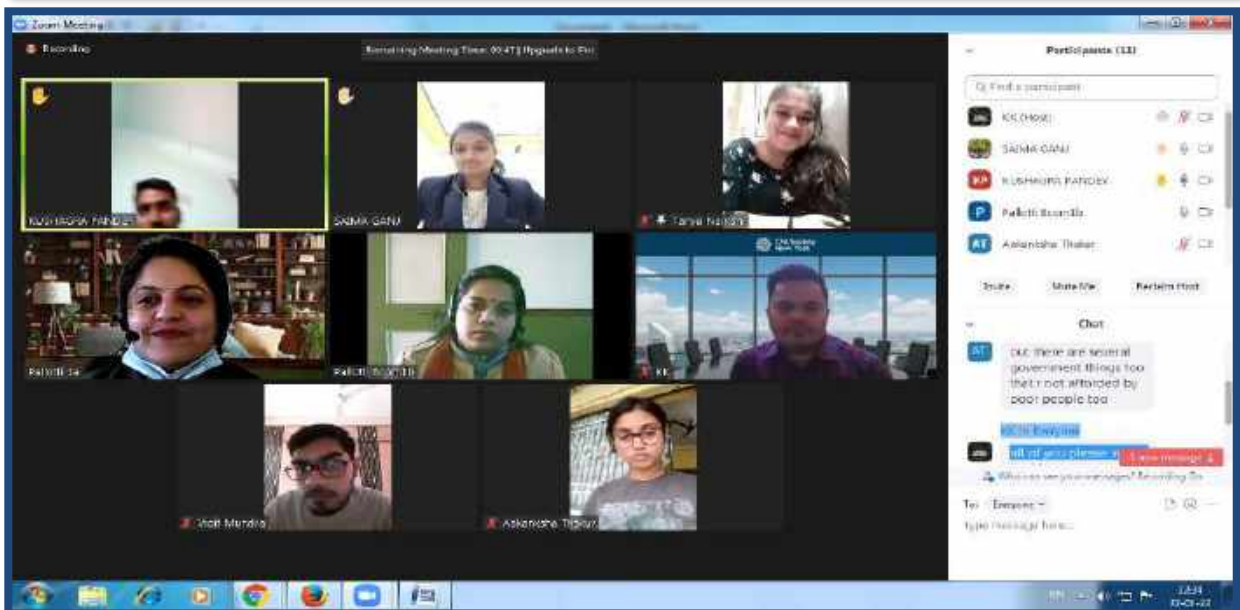

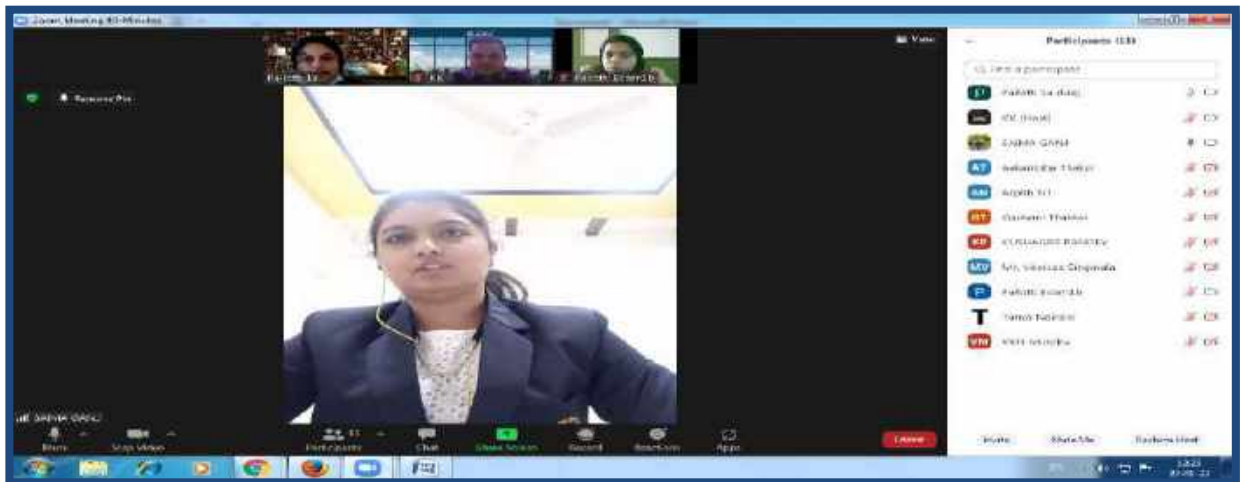

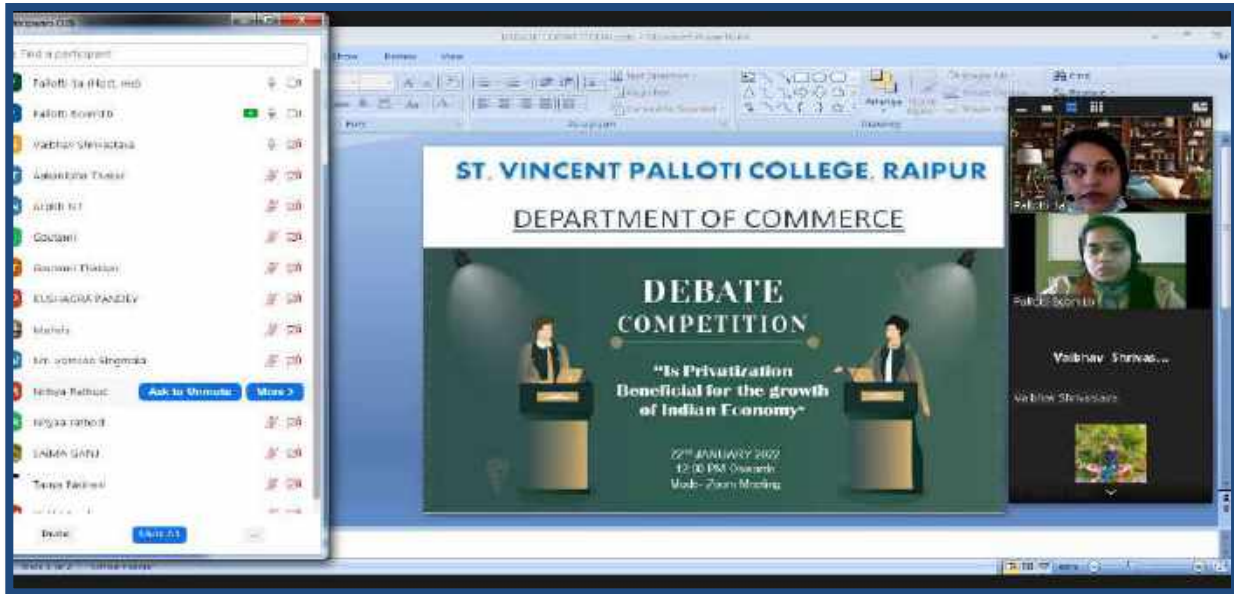

The students enthusiastically debated on the burning issue of Privatization and suggested the constructive policies to be made by government. There were in all four prizes for students, two prizes for participants who spoke in favor and two for against. First Prize in favor of ‘privatization in India ’was bagged by Saima Gunj from B.Com II A and second by Vidit Mundra from B.Com II. In against first prize winner was Kushagra Kumar Pandey from B.com I A and second prize by Tanya Nainani of B.Com I A.

The programme was concluded with vote of thanks by Mrs. Neetu Gupta.

Grooming Personality session - Report

Report – “Grooming Personality Session”

26 February 2022

“Life isn’t about finding yourself. Life is about creating yourself.” — George Bernard Shaw

Internal personal skills are key tools for everyone. The knowledge can be gained from the books but we can learn them more from a practical activities, where we get feedback from others on its effect. We live in a world of cut-throat competition. Developing a strong personality puts you at the forefront among others. If you are under-confident or do not know how to present yourself, then it reduces the chances of selection even if you are highly qualified.

The Aim behind organizing such a session is to work on the soft skills, gain better understanding of self-worth and a sense of self-assurance amongst students. Learning new abilities or improving old ones can provide them with a huge boost in confidence as well as knowledge. As you develop your personality, you learn to stay calm and handle situations with a practical mindset.

The present activity was organized virtually by the Department of Commerce on “**Grooming the Personality**”. All the students of B.Com, BBA, BCA, B.Ed, B.P.Ed participated with their great zeal and motivation. Arrangements were made for students in AVA room for attending the session and for others to join using Zoom and YouTube link.

The session was inaugurated by Principal, Dr.Kuldeep Dubey with a welcome note to the esteemed guest speaker. Mr. Lakshya (Target), Director Brainwash was invited as a guest speaker to make students aware about the need and ways to groom their personality. He is a Corporate Trainer, Business Coach, Motivational speaker, Celebrity Trainer and Personality expert. He emphasized on the need of improvising personality and communication skills. The session was full of energy and enthusiasm. All the students and faculties enjoyed the session and were delighted by the informations attained.

Mr. Vaibhav Shrivastava, HOD Commerce presented Vote of Thanks on behalf of Commerce Department. He explained how the college plans different activities other than academics to inculcate various skills like co-ordination, entrepreneurial, commercial etc. in students.

The program was very interactive and apart from the traditional opportunities this program initiated many other career options for the students. Around hundred people joined using Zoom link and more people got connected using YouTube link.

Department of Education.

Inter Departmental Activity-2021-22.

TITLE OF THE PRACTICE

Movie Making Fest

DATE: 12/03/2022

St. Vincent Pallotti College is always keen for exploring different methods for the overall development of personality of its students.

In this sequence it opens up a platform in the form of --**MOVIE MAKING FEST** for students to bring out the future directors and movie makers. In this context St. Vincent Pallotti College is in practice of arranging the FEST since-2018 .This year the FEST was organized on 12/03/2022 by the department of Education as an inter Departmental Activity.

The programme commenced with auspicious note of lighting of lamp and welcoming of the dignitaries and the judges.

Thereafter, the movies were displayed .

Some of the prominent pocket movies were-

1.**Misunderstood Norms**–Made by the Department of Management of BBA II Semester students .This dealt with the bad conduct in our society for both the genders. Like - Suicidal cases , ragging, teasing , physical , harassment, abuse etc.

2. **Adversity Makes you or Breaks you** - Made by the Department of Education Semester IV. This movie reflects the harsh reality of Covid time. But society and government came forward to help Covid victims and recreated their lives.

3. **Two faces of India** - Made by the Department of Management BBA semester IV .This movie dealt with the language barrier in our daily life .

4. **50 Rupay** - Made by the Department of Education Semester II. This movie was about a transgender mother. This movie projected the humanitarian qualities [motherhood] of a transgender.

First prize was won by the movie '50 RUPAY' , second was by 'MISUNDERSTOOD NORMS' and third was by 'Adversity Makes you or Breaks you'-standing against COVID-hazards.

The programme was followed by the Principal's speech. He encouraged the students for their creative and inspirational presentation of the movies and awarded the winners with medals and certificates. The program was concluded by vote of thanks followed by National Anthem .

Dance Carnival (Semi Folk)
Group Dance Competition
Report

Date - 11.04.2022

"Winning doesn't always mean being first. Winning means you're doing better than you've done before".

Bonnie Blair

To hone the dancing's skills of the students, the Cultural club of St. Vincent Pallotti College had organised a "Dance Carnival -semi folk group dance" which was held on 11.4.2022 in the college Seminar hall at 12 pm. All the students of each club of Education department participated in this programme with zeal and enthusiasm. The program was organized under the supervision of Mrs. Ramola Vikas Dan and the event was started by Sonali Ekka Sem - IV and Pratima Sem - II. The students were judged on the basis of song selection, expression, entertainment, co-ordination and overall performance.

Each club performed in their own unique way. The competition provided a platform to the students to portray different cultures. The vivacious dancers set the floor on fire with their energetic performances and this was the reflection on their passion and hard work. The results were declared by judges Mrs.Bani Saha and Mrs. Aaysha Hendricks.

- The first position was bagged by 'Literary Club' of Sem - II students on the song 'Dara Lor ge' (Chhattisgarhi).
- Second position was won by 'Innovative Club' of Sem - IV students on the song 'Sawar Loon' (Bihu Fusion).

All the teachers congratulated the winners and encouraged them to participate more in such competitions to enhance their talents. The programme was concluded by vote of thanks which was proposed by Kamala Mary Sem-IV. The event was a huge success and a treat to watch.
